Om Schwab.

To

Charles M. Schwab

this Epitome
is cordially dedicated
in recognition of his valued services to
Lehigh University as a Trustee
and his interest in the welfare of our Alma Mater.
This offering is meant as a tribute from
Lehigh men

to one who holds pre-eminent standing as an engineer in the great industrial interests of our Country and of whose official connection with Lehigh University we are proud.

FOREWORD.

As one who from a distant planet views, Swimming in space, this rolling sphere of ours, Now dark, now gleaming brightly as the hours Forever shift and turn its changing hues,

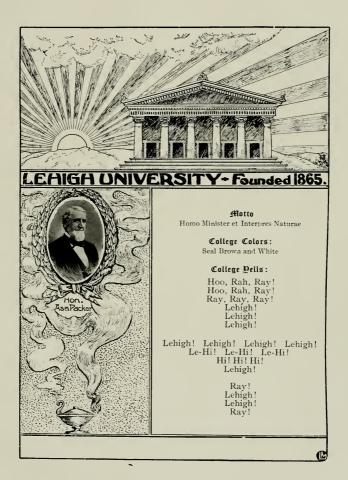

Bringing alternate seas and lands to sight,
And Man, imprisoned on this rolling ball,
With Man's achievements good or bad, and all
Engulfed at last in one o'erwhelming night;

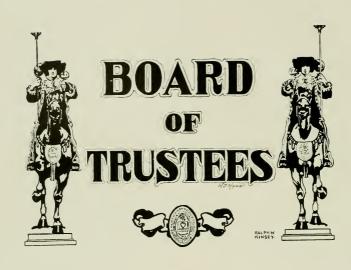

So we, enthroned apart, sedately sit, "Clad in a little brief authority," To chronicle the actions and the wit And life of Lehigh University; To furnish forth, as fully as may be, of all this life a true Epitome.

The Alma Mater

V. B. Edwards, President

THE writing of class history is indeed a pleasure as well as a duty, especially when that history has been one crowded with anecdotes and events to which every loyal member can refer in after years with pride and pleasant memories. Such a one is the history of the Class of Nineteen Hundred and Twelve. The record of works accomplished by our organization as a body has been given in detail by former scribes, and it only remains for the present writer to review some of the things that have marked our progress from the raw material to a more finished product.

We have suffered a slight decrease in numbers since our first enrollment. Some have given up

the race; some have left college for divers reasons, while a few have sought refuge from college cares at the marriage altar. We are still, however, well represented in every department of the University, and all are striving toward that Mecca of a college man's career—a diploma and degree.

During the four years that are drawing so rapidly to a close we have exhibited a class spirit that has been irresistible. As Freshmen we fought desperately for our place in the University life, and never shirked a contest where the honor of the class was at stake. As Sophomores we were more firmly banded, and we exercised our power with judgment and discretion. In the capacity of Juniors our task was to deal out advice to the incoming class, and we strove to do it in a way that would promote the general welfare of the college at large.

Now as Seniors our visages assume a graver aspect, and our thoughts naturally turn to the time when we shall again become freshmen in a school whose lessons are learned by harder knocks, and whose paths are not nearly so flowery as those which we have been treading at old Lehigh. But no matter how difficult the task that the world sets before us, or how far from the old campus we may stray, the associations formed here, and the scenes of our class gatherings, will be the subject of our fondest recollections.

Thus far this year nothing remarkable has transpired to disturb the dignity of our onward march toward a coveted goal. Hopes and ambitions are running high, and every nerve is strained in preparation for that final test which means so much to a Senior. There is a time, however, to reflect on what these four years have meant to us. We have learned how little we know, and how much there is to know. Above all we have found that Lehigh stands for conscientious endeavor, and every man has developed a love for her that time can never lessen. When we have left these dear old halls and are battling with the world for recognition, may it be our privilege to perform some work that will reflect honor and credit upon Lehigh, the college beautiful.

W. J. DUGAN, President

[Extracts from a paper read before "The Imperial Archaeological Society" in A. D. 5013.]

FEW years ago, as you probably know, at the express command of Emperor Theodore XXIII, I undertook the excavation work in the Valley of the Punxaripon River. Digging down a few hundred feet we came across, in the strata of the Mustabin Era, the remains of the town of an old nation, the Pennsylvania Dutch. Only the holes in the Swiss Cheese remained, and these together with the remains of beer steins, which we also found, enabled us to verify the authenticity of the ruins. In a fine old building, "Die Alte Brauerei," evidently a former place of worship, as the remains of old books of worship.

labelled Hydraulics, Steam Engines, Mining Engineering, etc., proved, we came across in the room of one Clarke, evidently a great chieftain, a record of the doings of his clan, number One Thousand Nine Hundred and Thirteen. This clan migrated there in the year of 1909. Hard pressed at first by their enemies, they came to their own in the following year and filled the hearts of the rival clan, One Thousand Nine Hundred

and Fourteen, with terror. They were indeed a warlike clan, for on all great occasions there were hardly enough sound warriors left to carry the wounded to their retreat along with their own loads—of plunder. During this year they hanged Calculus VI, their King, for treason, and made merry while his body roasted over the gaily leaping flames. To further terrify their enemies, the less warlike, they grew fierce moustaches.

On one occasion a picked band of these warriors invaded Wilkes-Barre, where a queen from Gawgia nearly kidnapped one of the sturdiest of the band. Then, to spread terror among the cringing villagers, the band on a night raid painted the town a gory red.

As time went on these warriors grew tired of constant warfare and laid aside their rough sports. They delved more and more into the secrets and mysteries of the clan, and with the aid of their medicine men, slowly prepared themselves for the time when the cane should replace the sword.

(SOPHOMORE)

THERE comes a time in the lives of men which behooves us to record those deeds of merit performed by all such illustrious bodies as the Class of Nineteen Hundred and Fourteen, in order that they may live and be remembered as a part of the history of our Alma Mater, and such a time has now come to this noble class.

It is to be remembered in connection with our Freshman year, how ably we performed our part of those events attending our introduction to college life, and how, as a suitable finis to such a notable year, we won the Interclass Track Meet.

We now entered with a zest into the duties of our Sophomore year,

the principal one being the installation of spirit into the Freshman Class. With this worthy object in view, our class assembled one dark September night in front of the Library and awaited the approach of the enemy. On a hotly contested field in front of Packer Hall, we succeeded in the third rush in so completely demoralizing the Freshman forces that they melted away as does the snow before the summer sun. Despite their ability to run when scared, many were corralled and royally entertained at their own expense, while attending a little party given in their honor at the Dorms. All that night Sophomore and Sophomore posters were much in evidence, but, owing to a retiring nature, little was seen of the Freshmen.

The following day, after the formal opening of college at the chapel, the Freshmen were given a course in practical gymnastics, while passing under one of our banners, and later on led to their Waterloo on the Athletic Field. There, after a brief struggle, we succeeded in pushing the banner back and winning the day, after which we devoted our time to hastening the departure of the Freshmen from the immediate vicinity.

During the interval between Opening Day and Founder's Day, we dedicated ourselves to the task of instructing the Freshmen in those elements of ethics concerning their deportment toward their superiors. At the same time many banners were raised, which only the wind could lower, and many pleasant parties were held at the Dorms with the Freshmen acting as the honored guests.

Owing to the desire on the part of the faculty that our class be small and select, many of our best men were among the missing when candidates were called for the Founder's Day sports. It is due to this that we were defeated by very small scores in each of the events of that day. Not at all daunted by this turn of fortune, we again met the Freshmen in athletics and defeated them in both basketball and wrestling.

Having now recounted those incidents of note which have thus far occurred in the life of the Class of 1914, we close this brief annal with the conviction that we have executed, to the best of our ability, those duties accompanying our position in college life.

H. A. CRICHTON, President

T the foot of old South Mountain on the night of September, 19, 1911, the gallant Class of Nineteen Hundred and Fifteen first assembled as a body.

Shortly after 11.45 P. M. we marched to the road in front of Packer Hall, where the Sophomores had already assembled. Three times did the Sophomores hurl themselves against the Freshmen ranks, and twice did we hold them, but at the third rush we were defeated. During the remainder of the night the Sophomores made a vain attempt to cover the town with posters, but few indeed were the posters that lived to see the dawn of "Opening Day." On that notable occa-

sion, our rivals were fortunate enough to win the banner rush by a slight margin.

During the month that followed, the Sophomores sent out many kind invitations to members of our noble class to attend the various parties given at Taylor Hall, but few were they who accepted. On the night before Founder's Day we enjoyed ourselves indoors, while the Sophomores awaited us in the rain. When we finally came out we participated in several strenuous fights, in all of which we were victorious. From four o'clock until daylight we posted our opinions of the Sophomores on every available pole and tree.

On Founder's Day we truly made an honorable record for ourselves, but we had anticipated the results of the day—in fact we had predicted on our posters, "that on the following night we would be the proud wearers of flannel shirts and corduroy trousers," and this anticipation was certainly realized. Yea, in football we beat them 6–5; in baseball we showed our superiority, and on the track we beat them decisively. The courage of the eleven, when fighting for every inch of ground; the nerve of the nine in that close contest, and the grit of the track team in their easy victory, clearly demonstrated that good material is not lacking in the Class of Nineteen Hundred and Fifteen, and especially when we marched off the field after the sports, instead of being thrown off.

But after all, it is in the future and not in the past that the class must seek its fame; nearly a year has already slipped by, and it is hard to tell where it has gone. Our college days, the happiest of our lives, will be over before we realize it, and the characters which we form now will remain with us through life. In everything that we do, be it work or play, let us strive to be honest, honorable and loyal to ourselves and to our Alma Mater.

HISTORIAN.

Songs

Good-bye, Thornburg

Tune-"Winter"

Packer Hall is a grand old dump.
Like it better than the fump,
Hear those Sophomores ball!
Thorny with his Yankee twang,
Snotty, Pop and all the gang,
They run Packer Hall.
Hear the students shout
Why do we flunk out?

CHORUS

Thornburg, Thornburg,
How we love your dammed department!
Snotty and the crew,
Googy Reynolds, too,
Calculation, Integration,
Logs and Differentiation.
Thornburg, Thornburg,
Oh, but you're a gay old party!
Don't endeavor to deceive us;
It will grieve us
When you finally leave us,
Dear old Thornburg.

Thorny likes to vent his wrath By giving us a quiz in math Every day or so. Some one passed his Analyt, See Pop Meaker throw a fit. What an awful blow! Hear the Freshmen yell Calculus is Hel!!

Calculus

Tune—"Casey Jones"

Come, boys, gather 'round and give a cheer,
We lads every one of us an engineer,
Old Calculus has had his day;
And now he is going on the long, long way.
When first we saw him he was young and gay,
Just look at him now, how old and gray!
He will be tried, he's about to die,
Come, boys! we'll give him the battle cry.

CHORUS

Calculus—Going to be a dead one; Calculus—Give him the yell; Calculus—Going on his journey; Going on his rocky, thorny trip to Hell.

Satan on the Wire

Tune-"All Alone"

Hello, central! hello, central! Give me Hades, quick! Cycloids rattle through my brain, Other curves put me to pain. Hello, Mephistopheles! Please to learn you're in. Well, now that I'm for blood, not E's, Let's get down to b-i-z, Fix me up a red hot stew, For Math Profs I do send to you—go

CHORUS

Shovel coal, shovel coal!
Thorny, he heads the bunch,
Dutchy with his stick in hand,
Jack and Squirt are in the band.
Have a red hot radiator
There for Sidney;
Shovel coal, shovel coal!
Snotty will get his share,
Pop is black and grimy,
Squid is hot and shiny,
How our Profs do love to shovel coal!

NE of the most successful seasons in the history of the Mustard and Cheese Club was that of 1911. The play, "The College Widowers," was but moderately good, although full of witty lines and ludicrous situations. This was, however, offset by the clever acting of the cast, the more than excellent dancing of the chorus, and the tuneful, catchy music.

The first performance was given on the Saturday evening of Junior Week, April 29th, at the South Bethlehem Opera House, before a large audience. Everything went very smoothly and the show scored a big hit.

Later in May a complimentary performance was given in the Odeon the beautiful theatre on the campus of the National Park Sem-

inary, Forest Glen, Md. The troupe left South Bethlehem on Friday noon and arrived in Washington that evening, and immediately dispersed to the different theatres and entertainments tendered them. Saturday morning was given over to sightseeing in the Capitol City. Shortly after noon the amateur Thespians left for Forest Glen and rehearsed at the theatre there. They were entertained at dinner by the girls of the seminary, and were afterwards shown about the campus and through the charming sorority houses. The performance was a great

success, the girls being chiefly interested in the actions of the "ladies" in the company. After a short dance in the gymnasium the troupe

returned to Washington, and left there the next day.

The final performance was in South Bethlehem on Alumni Day, Monday, June 12th. The extremely inclement weather accounted for the rather small audience. The play was very well presented and the players deserve a great deal of credit for their work.

CAPT. C. R. WYLIE, JR., Center

"Pat" is a resident of Wellesley Hills, Mass., and preped at Wellesley High School. He is 21 years old, 5 ft. 10½ in. in height and weighs 158 lbs. He is noted for his good judgment in running the team, besides his wonderful ability to carry the ball in a "broken" field. "Pat's" punting was a feature in many of the games.

A resident of Pottstown. "Doc" was center of the Hill School team for three years. He is 21 years old, weighs 164 lbs., and is 5 ft. 9 in. in height. This is "Doc's" third season on the 'Varsity team, and he is one of the most consistent players that ever came to Lehigh.

CAPT.-ELECT V. J. PAZZETTI, JR., Quarterback

J. I. VELA, Left End

"Date" preped at Marietta Academy and lives at New Martinsville, W. Va. He is 20 years old, 5 ft. 10½ in. tall and weighs 101 lbs. "Date" proved to be one of the most aggressive men in the line, both on the defense and the offense.

"Joe" is 21 years old, weighs 173 lbs., and is 6 ft. 1 in. in height. His residence is in Quito, Ecuador. He was a star at Bethlehem Prep before coming to Lehigh, where he has had an equally brilliant career on the gridiron.

R. B. DAYTON, Left Tackle

L. B. KNOX, Left Guard

"Tony" hails from Roslyn, Wash., and received his early training at the Bethlehem Prep School. He is 21 years old, 6 ft. tall and weighs 175 lbs. Much is to be expected of "Tony" next fall after his commendable work on the 'Varsity during the season just past.

"Bunny" is an even 6 ft. in height, weighs 175 lbs. and is 23 years old. He lives at Christiania, Pa., and he was one of F. and M. Academy's stellar attractions before he became a member of the Brown and White team. "Bunny" has the distinction of being the only member of this year's team who has played on a winning team against Lafayette, which was in 1908, when Lehigh won, 11-5.

FRED BIANCO, Right Guard

W. F. BAILEY, Right Tackle

"Flicker" came here from Bordentown Military Institute. He is 21 years old, 5 ft. 9 in. tall, and weighs 153 lbs. Besides playing his regular position at end, he frequently played in the back field, where he proved to be a most consistent ground-gainer. His tackling was most spectacular.

"Bill" is 23 years old, 6 ft. 1 in. in height, and weighs 182 lbs. He preped at Mt. Hermon School and lives at Summit, N. J. "Bill" played much more consistently this season than during his freshman year, and should prove to be one of our most valuable linesmen next fall.

G. P. FLICK, Right End

H. M. WESTERN, Left Halfback

"Mac" preped at Exeter and lives at Boston, Mass. He is 23 years old, 5 ft. 11½ in. in height and weighs 160 lbs. His playing throughout the entire season was hard and consistent, which made him one of the most reliable men in the back field.

"Wees" is 21 years old, 5 ft. 11 in. in height and weighs 170 lbs. He is a resident of Detroit, Mich., and preped at the Detroit University School. His dashing style of play, especially in the "open" field, won him many admirers.

E. J. McCaffrey, Right Halfback

H. A. CRICHTON, Fullback

"Bunny" is 10 years old, 6ft. 1 in. in height and weighs 106 lbs. He received his early training at Bordentown Military Institute, and is a resident of Yonkers, N. Y. Next season should find "Bunny" a "regular" in the line, judging from his good work during the past season.

Harry weighs 175 lbs., is 6 ft. 1 in. in height and is 19 years old. He is a resident of Bethlehem, and was at Bethlehem Prep School before he came to Lehigh. Harry played a brilliant game in the back field all fall, and even greater achievements are expected from him on the 'Varsity next season.

ACKERLY, Guard

J. F. HAUSER, Guard

"Eck" came here from Bethlehem Prep School, and lives at Schenectady, N. Y. He is 23 years old, weighs 146 lbs. and is 5 ft. 8 in. in height. "Eck" is a very aggressive player, and proved his worth in every game he played. "Tubby" hails from White Haven, Pa., and preped at Staunton Military Academy. He is 19 years old, weighs 188 lbs., and is 5 ft. 9 in. in height. In the several games played "Tubby" always gave a good account of himself, and he should be a valuable man to next year's team.

E. B. C. GOYNE, End

A. M. KENNEDY, Halfback

"Van" hails from Scranton and preped at Scranton High School. He is 20 years old, 6 ft. 2 in. in height and weighs 160 lbs. "Van" proved to be one of the "finds" of the season by his hard. consistent work in several of the games. He is expected to be one of next year's "regulars."

"Andy" is 21 years old, 5ft. 0½ in. tall and weighs 175 lbs. He preped at Rayon High School, and lives at Youngstown, O. During his four years at Lehigh, "Andy" has played a back field position in many 'Varsity games, although oftentimes handicapped by an injured ankle, but always putting up a strong, aggressive game.

VAN NORT, Center

H. M. SMYTH, Manager

"Bosy" has now been at Lehigh for two seasons and was recently made Professor of Physical Education. Under his care and direction athletics have taken a wonderful boom, which can readily be seen from the records of the teams, and even better results are anticipated next year. Besides his ability as a coach, "Bosy"has displayed no small amount of oratorical powers, usually presenting themselves at college meetings.

"Pinky" is a resident of Pottsville, Pa., and attended Bethlehem Prep School before entering Lehigh. He is exceptionally popular among his fellow-students, and has taken a prominent part in many of the college activities. It is through his efforts that the team had such a good schedule arranged for them, and the careful attention they received during the entire season was obtained only by his able management.

Season of 1911

THE season of 1911 opened with brighter prospects than usual, owing to the amount of good material entering College and the return of more "L" men this year than in previous years.

Practice began September 1st, under the able direction of Coach Reiter and Captain Wylie. The large number of men reporting for practice so early in the season made things look bright for a winning team.

The first two games of the season were easy victories, but the third game, which was played with Bucknell, was lost in the last few minutes of play, Bucknell kicking a goal from the field.

One of the big surprises that the "Big Brown Team" pulled off was the game with Princeton, which resulted in a tie score. The team journeyed to Princeton, backed by some 400 students in a special train to give Princeton what they thought would be a midweek practice game. The showing of the men in this game certainly reflected great credit on the team. The 45-yard run for a touchdown by "Bunny" Knox was the sensational feature of the game. Great was the joy of the students when entering the football field to see the score in favor of Lehigh, and the reception given the team on its return by the whole student body was typical of the loyal support given to all Lehigh teams. The score, while a tie, was really a victory for Lehigh.

We lost to Swarthmore and West Point, but some of the first expectations of the season were realized when we defeated the strong Ursinus team; then, later, Franklin and Marshall, and Haverford, thus securing revenge for the defeats Lehigh suffered from these teams last season.

We lost to our ancient rival, Lafayette, by the score of 11 to 0, owing to the superior playing by Lafayette at the critical moment.

The game put up by "The Big Brown Team" is a memory to be cherished by the whole student body as well as the large number of alumni who were present. In the first half Lehigh outplayed Lafayette, but was unable to score. In the second half both teams came back strong, but Lafayette at two critical moments of the game succeeded in scoring. While the result of the game was a deep disappointment, it was a clean, well-fought exhibition of football. In this connection we do not wish to detract any credit from Lafayette, for a team that can win against the fight that the Lehigh team put up deserves no small amount of credit. The playing of "Joe" Vela at left end was one of the main features of the game. Time after time "Joe" not only broke up the interference but got the man with the ball. It is to be regretted that "Joe" will not be with the squad again next year.

The last game of the season was played with the strong Georgetown team, and resulted in a defeat for Lehigh. There is little to be said of the playing of our

team other than that every man, ably led by Captain Wylic, played the hardest game that he was capable of, and very often under adverse conditions.

While quite a few "L" men will be lost by graduation, the return of the balance of the squad, which was an exceptionally large one this year, makes very bright the prospects of a more successful season in 1912.

MANAGER SPOONER

EHIGH'S 1911 baseball season opened at Franklin Field on March 20th, when Lehigh held the
strong Pennsylvania team to a 3-0 score on a
cold March day. The next game was played at
West Point, where Lehigh, through her timely
hitting, beat the Cadet representatives, 6 to 3. On
Easter Saturday the team journeyed to Ithaca, where
we met Cornell, and on as cold and disagreeable a
day as the previous games were played, met defeat,
5 to 2. It can be said that three of Cornell's runs were
due to a high wind which our fielders were not accustomed to, while the Cornell "garden" men were seasoned to the changing blasts from Lake Cayuga.

Lehigh auspiciously opened her season at home on the 19th of April, when she met and defeated the fast Tufts team, 1-0, in a seven-inning game, called early because of a heavy rain. The team next met Franklin and Marshall on the 29th of April, on her own field, before a large Junior Week crowd. In this game Lehigh lost, 3-2, because of loose playing and inability to hit the ball when hits meant runs, having more hits than her opponents did off Shellenberger. On the following Saturday, May the 6th, at New Brunswick, the team showed its usual fast, snappy style of play, and shut Rutgers out, 3-0, in a fast, interesting 10-inning game.

The first game of the Lafayette series was next played at Easton, where we were defeated, 2-0, by Long's masterly pitching, who allowed but one hit Shellenberger pitched no less phenomenal ball, and our rivals succeeded in getting only two hits from him; but errors at critical times enabled Lafayette to defeat us. This defeat by Lafayette started a slump, as the following Saturday, May 13th, we were defeated, 4-1, by Swarthmore on their new Athlete Field at Swarthmore, which was in very poor condition, causing the fielding of both teams to be slow. Fisher's home run in the seventh inning was responsible for Lehigh's lone tally.

In a game replete with arguments and the spiking of Resch, of Pratt, by Mac-Hardy, which rivaled the spiking of Baker, the Athletic's famous third "sacker," during the World's Series, Pratt held Lehigh to a tie, 3-3. The game outside of the mentioned incidents was devoid of interest, both teams playing listless ball, and because of the poor arrangements made by the Pratt management, the game had to be called at the end of the ninth inning to enable the Pratt team to take a special train, which was hired by the Pratt students, who were in Bethlehem on an inspec-

tion trip to the Bethlehem Steel Works.

Penn State, one of the strongest college teams of the season, crossed bats with our team on Lehigh field, May the 24th. State put the game "on ice" in the first inning by scoring four runs, while later in the game two runs were scored by each team, Rose and MacHardy contributing Lehigh's only points. After the first inning, when our team settled down, the game was as fast and exciting as could be desired by any "fan," Lehigh backing Shellenberger up well, and putting up a

good, up-hill fight; but State's lead could not be overcome.

The second game of the Lafayette series was the most brilliant in the eyes of the loyal Lehigh "fan." On Memorial Day, before a large crowd on March Field, at Easton, the Lehigh team came to its own, defeating Lafayette 7 to 1. Shellenberger pitched masterly, allowing the Lafayette batsmen two hits, while Lehigh drove Fager out of the box in the fourth inning, when scoring two runs on three hits. Lehigh's first tallies were due to a home run by Borden along the third base line with Rose on first, while the remaining runs were earned by eight timely hits.

Because of rain the game with Manhattan had to be cancelled, and the last game of the season was played with Lafayette on June 10th, in South Bethlehem, before the largest crowd that has ever turned out at a Commencement Week game. The stand and new bleachers were completely filled, and crowds gathered in the outfield, necessitating ground rules. Lehigh was shut out, 5-0, due solely to the wonderful pitching of Long, who did not allow the Lehigh men to see the ball, while Lafayette "bumped" Shellenberger hard, and only fast fielding prevented a larger score.

CAPTAIN-ELECT KENNEDY

THE 1911 Lacrosse season opened under very discouraging conditions. On a field covered with mud and swept with a driving rain, the team lost their first game when the Carlisle Indians piled up six tallies in the second half and won by a score of 7 to 1.

The second game resulted in a victory for Lehigh, when on the Monday following the Indian game, the team met and defeated Cornell. The victory over Cornell seemed to give our team a great stimulus. In the game with the Navy, the first away from home, our men were played off their feet in the first half, but in the last half they "came back" and played their opponents to a standstill. With the same fighting spirit that marked the close of the Navy game, our men entered the Mt. Washington game, and it was only after an extra ten minutes of play that our team lost what was conceded by followers of the sport in that section to have been the best game

played on those grounds for many years.

The following Saturday our team played their third home game, and showed great development by the spectacular victory after an uphill

fight against the New York Lacrosse Club.

Lehigh easily won the first League game against Stevens, and travelled to Baltimore to meet Johns Hopkins with the very brightest of hopes. Not until the blowing of the final whistle was the issue decided and Hopkins assured of victory. Quoting from a Baltimore paper: "The whole Lehigh team was evenly balanced, and their excellent stick work and effective body checking came close to being the defeat of the Hopkins team. Lehigh's attack was as fast as lightning and played complete rings around the Hopkins defense."

In the final game of the season Lehigh lost to Swarthmore, incidentally dropping into third place in the Intercollegiate Lacrosse League.

Of last year's team we lose two by graduation and ex-Captain Dunn, who has dropped College for a year. With the rest of the team back, and the excellent material in College at the present time, we should be able to turn out one of the fastest teams that has represented Lehigh in years, and close the 1912 season with a Championship Banner.

LTHOUGH the success of the 1911 Track Team was not especially brilliant, it was easily on a par with the successes of the other spring sports. There was not a wealth of track material in College, but the earnest and consistent efforts of Coach Guiney developed what material there was and enabled the team to gain the success it did. Haverford was defeated, but Rutgers proved a surprise. In the most exciting meet of the season Lafavette was tied, the result of the meet being in doubt up to the last moment. Swarthmore won the final meet. Lehigh had but few entries in the State Intercollegiate Meet at Harrisburg, but scored 17 points. Only four members of the team are lost by graduation, and with the incoming material and good coaching the coming season should be one of the brightest in Lehigh's athletic history.

Season 1911=1912

OT for many years has there been a basketball team whose season furnishes so much material for interesting reflection as that of the 1911-1912 quintette. The season opened early in December, and the schedule of fourteen games, eight at home and six away, was not finished until March 2nd. During the mid-season the team was somewhat handicapped by the absence of several men from the game, due to sickness and injuries, and owing to these unfortunate incidents at least two games were lost to our opponents. As the season advanced the team developed uniformly and consistently, and when the climax of the schedule, consisting of the Brown, Pennsylvania State and Swarthmore games, was reached, the team was in the best of condition. The schedule was arranged so as to move up to a climax commensurate with the development of the team, and the result as shown in the scores seems to indicate that the plan worked out most successfully.

Among the ten victories gained by the team, the ones to which the student body looks with pride are Swarthmore, Pennsylvania State and Brown. The only decisive defeat of the season was the one administered by Swarthmore, at a time when our team missed the services of one of its forwards. The game with Princeton was lost during the last few seconds of play, and was virtually a victory for Lehigh. The spectacular victory over Swarthmore in an intensely exciting game, on March 2nd, was a fitting crowning to Captain Cook's successful career of four years' basketball at Lehigh.

RESTLING, a comparatively new sport at Lehigh, was brought into favor from the start, and resulted last year in having Intercollegiate meets at home for the first since its inauguration two years ago. The calibre of the teams met and the outcome of these meets show that the sport was a decided success. Penn State and Cornell defeated our team, 5-2 and 6-1 respectively, but in neither case does the score indicate the evenness with which the teams were matched. In the latter meet two bouts lasted for fifteen minutes, and each time the bouts

were lost to Lehigh only by decision.

Both 'meets held at home, Princeton and Lafayette, were victories. The victory over Princeton really showed the success of our season, in that Princeton afterwards won the Intercollegiate Championship. The appreciation of the team's good work was shown by the loyal support of the student body, and also by the Athletic Committee in establishing wrestling as a minor sport. Three members of last year's team have been lost by graduation, but with the promise of new material, together with the services of an efficient coach, and meets already scheduled with Princeton, Navy, University of Pennsylvania and Lafayette, we can expect a most successful season.

ECONOMIC LECTURES—"Many are called, but few answer."

CUNNINGHAM,'12 SANFORD, '13 SULTZER, '13 LEWIS, '14

WILLIAMS, '12-"The first in virtue as in face."

JUNIOR ORATORICAL CONTEST—"Here was an abusery of God's patience and the King's English."

THORNEY'S OFFICE—"For fools rush in where angels fear to tread."

MATAMOROS, '13-"A stream of rich, distill'd perfumes."

INGRAM, '15-"Framed to make women false."

WILLIAMS, '13
"PHILADELPHIA" SMITH, '13
"Comparisons are odious."

PROF. HUGHES—"Accuse not Nature: she hath done her part."

MATH. DEPARTMENT—"Rocks whereon greatest men have oftest wrecked."

DR. DRINKER—"Thou art my guide, philosopher, and friend."

D. V. Wood, '12—"Such conceit does not come to ordinary men."

Sophomores—"Though abundantly they lack discretion yet are they passing cowardly."

"CHARLIE'S"—"Midnight shout and revelry,
Tipsy dance and jollity."

Instructors—"Ye little stars! hide your diminished rays."

Prof. Stewart—"Words are like leaves; and where they most abound,

Much fruit of sense beneath is rarely found."

Prof. Wily—"Then sweeten with thy breath this neighbor air."

Economics—"Mere chaff and chaff, much better burnt."

Prof. Wilson--"Loud wind, strong wind, fresh wind."

Burdick, '14 Wolf, '14 "From all such devils, good Lord, deliver us!"

NACHMAN, '14—"What! this gentleman will out-talk us all."

Prof. Meaker—"Hast thou not the privilege of antiquity upon thee?"

MERCUR, '13-"Where did you study all this goodly speech?"

SANBORN, '13-"A very tainted fellow, and full of wickedness."

Prof. Estey—"A deluge of words and a drop of sense."

Williams, '13—"When he steps forth, all nature wears one universal smile."

LENKER, '13-"Methinks I am marvelous hairy about the face."

CONNER, '13-"A wise-looking bird, found generally by night."

CLINTON, '15—"Unscissored shall his hair remain."

"Runt" Charles—"Two for a cent, five cents a dozen—cheap at half the price."

HADAWAY, '14-"Speak, if you can!-what are you?"

SEGUINE, '13—"Better a witty fool than a foolish wit."

Milnor, '12—"Not yet old enough for a man, nor young enough for a boy."

Bowen, '13-"I warrant thou art a merry fellow, and carest for nothing."

EDWARDS, '12-"And some have greatness thrust upon them."

Simpson, '14—"The clock upbraids me with the waste of time."

Rehfuss, '13—"They mock thee for too much curiosity."

MERCUR, '13-"All, as they say, that glitters is not gold."

WADDINGTON, '12—"How poor a thing is man! alas, 'tis true,
I'd half forgot it when I chanced on you!"

Harris, '12—"Most glorious night!

Thou wert not sent for slumber."

"Runt" Charles—"Now, Jove, in his next commodity of hair, send thee a beard."

Ридн, '15—"With earnest eyes and round, unthinking face."

Metallurgy Lectures—"'Tis now the hour which all to sleep allow,

And slumber heavy sits on every brow."

Gaas

"Prithee, forgive us; We do but chide in jest!"

SINDEL, 13 (in Calc. Conf.)—"Prof. Lambert, is that the middle of that section or the exact center?"

Hadsall, '12 (in Mr. Fogg's Bridge Design)—"Say, Carroll, did you get anything out of Fogg about that rivet?"

CARROLL, '12-"I got just enough out of Fogg to make it clear."

Fellow-Instructor in Physics—"Mr. Fry, when does the Thanksgiving recess begin?"

MR. FRY (thinking of an important date)—"November 23d this year."

PROF. ESTY-"Why, this is the very cream of alternating current machinery."

VOICE FROM REAR—"It seems to me it's getting curdled."

Prof. Seyfert—"That usage is 'unimperfect' and you argue around in a circle, so one question wrong and one right neutralize each other, which is zero."

W. R. SEYFRIED, '12-"Cornelius McGillicuddy and Hughey Jennings are Pennsylvania Dutchmen."

BACON, '12 (in Bacteriology)—"This bacillus has a turpentine movement."

Mr. Cressy (on Chemists' Inspection trip to Philadelphia)—"I'll be darned if I am going to be a wet-nurse for you fellows."

PROF. SCHOBER (having in mind Telluride, Colo.)—"Mr. Von Konecny, what town in Colorado is named after the element tellurium?"

Von Konecny—"Denver."

Standard Expressions Around College

Phys. Dept.—Nevertheless the principle remains the same.

PROF. SCHOBER—At the end of the last hour.

PROF. ESTY-Now this is vital.

Prof. Seyfert—I, yi, yi, that's bad!

PROF. KLEIN-Friend, friend, friend.

PROF. LAMBERT-Huh!

Prof. Thornburg—What do you want? Get out! Prof. McKibben—Now, last year the absence record—

PROF. STOCKER-Chase it out!

Dr. Hall-"I never saw such a stupid fellow! What was your head made for, any way?"

BRYANT, '13-"Er-er-to hold my hat on, I guess."

Donaldson, '12 (at '12's Class Banquet)—"Stand aside, classmates! I-have fainted."

MR. CHILES—"Mr. Lamb, what arrangements would you use to prevent water from flowing down the side of a boiler?"

LAMB, '13—"Inside or outside?"

Samuels, '12 (at the telephone)—"Hello! hello!"

OTHER END—"Who is this?"

Samuels." This is Samuels."

OTHER END—"Who in the —— is Samuels? Get off the line!"

Samuels—"It is my personal opinion—

Dr. Clewell—"The girls aren't so lonesome now, since we installed electric lights."

Subdued Whisper—"I wonder how the sparking and candle power were affected?"

MR. PIERLE—"Mr. Petty, while you are waiting for that to filter, you can get your casseroles ready."

PETTY, '13 (a short time later)—"Mr. Pierle, what do you use the 'carusos' for?"

"PHILADELPHIA" SMITH, '13 (in Ore Dressing)—"The pulp is taken into the pump by means of an opening."

SANCHEZ, '12 (in Const. Notes)—"Robert Stephenson was born in Westminster Abbey, being the only engineer to receive that honor."

Prof. Conkling (in Hydr.)—"Mr. Dugan, what is effective head?" Dugan, '13—"Effective head is—why—yes—it's effective head."

PROF. SEYFERT—"What are wattless watts?"

Sulzer, '12-"What's what?"

Prof. Seyfert—"I say, what are wattless watts?"

Sulzer-"They're not watts."

McCov, '12 (in Metallurgy)—"Can you see the slag in wrought iron when you polish it with the naked eye?"

Prof. Hughes (in Psychology)—"Mr. Camp, what would you consider a delicate compliment?"

CAMP, '12—"The compliment of 89°-59′-59″."

FIRST SOPH (after Exams.)—"What did you get, old man?"

SECOND SOPH.—"H— at home."

Prof. Eckfeldt—"Can I have an interview with you on Friday, Mr. Schmidt?"

SCHMIDT, '13-"No, sir; I am full on Fridays."

PROF. ECKFELDT—"Will you be over it by Tuesday?"

DR. Woods (in German Recit.)—"Will all the gentlemen who are not here please give me their names so I may mark them absent?"

PROF. MACNUTT (lecturing on reflection of light by mirrors)—"It is possible, gentlemen, to see any number of moons, provided you take the right kind of a glass."

JUNIOR—"Let's hope Kiski sends us no more problems in nationality to solve."

In Sophomore Boilers—"Professor, how is the smoke disposed of from the fire under the boilers in a submarine boat?"

PROF. MILLER (in Economic Geology)-Mr. Walker, what are the properties of Pozzuolan cement?"

WALKER, '12-"Why, it was used by the ancients in Italy."

Prof. Lambert (in Prof. Lambert's Conference School)—"Work this list of problems I've put on the board."

Siegel, '13, starts with the bottom problem and works up the list. PROF. LAMBERT—"What's the matter, Siegel? This isn't Hebrew!"

CHEMISTRY INSTRUCTOR—"What would happen if the two substances combined?"

Freshman—"You would get a very funny mixture."

QUESTION IN ECONOMICS QUIZ-"What is the law of variety?" DUNCAN, '14-"Variety is the spice of life."

PROF. ECKFELDT (with the Junior Miners on their inspection trip to Wilkes-Barre)—"We ought to take a special man along to answer Siegel's questions."

Speed, '12 (in his paper before the Miners' meeting)—"I heartily agree with the eminent Canadian scientist on this point."

GUTH, '12 (at cheering practice seeing "Andy" Farabaugh on the field)—"Who is that big man?"
VOICE FROM THE STANDS—"That's Walter Camp."

GUTH—"Come on now, fellows! three long 'Lehighs' for Walter Camp!"

PROF. LAMBERT (in one of his Math Sections after Lewis, '14, had read aloud a problem to him)—"You sound as if you had been eating honey."

Sheppard, '13—"Would that I were a Houdin, or that I could pick a lock."

PROF. FRANKLIN (in Junior Electricity)—"Those particles being highly charged are very strongly attracted by my face."

FRESHMAN (in English)—"Byron was married in 1815, and the next year he produced 'Childe Harold.' "

JUNIOR (at football practice)—"Gee, but it's fierce on the field to-day! The men are covered with mud."

Aungst, '14—"Is that why they have scrubs?"

Mr. Estabrook (in Economic Geology)—"Mr. McKenzie, what are the five different methods of coal formation?"

McKenzie, '12—"A tree growing up, dying and decaying five

Prof. Fox (in French Class)—"Mr. Quincy, how do you translate 'I am hungry?' '

QUINCY, '13—"Je suis faim" (pronounces it femme). Prof. Fox—"Hum—you must be pretty well disguised, then."

SCHMIDT (after a 13 Club spiel)—"And we emptied it till it was dry."

"A Welshman from Wilkes-Barre, an Irishman from New York, a Mexican from Mexico, arrested by a Dutch cop from South Bethlehem at a Jew ball"—a chemical compound or a mechanical mixture?"

Prof. Lambert (working a problem at the blackboard)— "Now, what is the next step?"

Voice from the Rear—"Go to your tangent."

Prof. Lambert—"You tell me to go to my tangent!—well, you can go to your asymptote!"

Instructor Haskall (looking at data sheet)—"Where did you get the two speeds, Mr. Harris?"

HARRIS, '13—"Well, didn't the dynamotor have two ends?"

Wylle, '13 (in Mining)—"An explosive is a thing which goes off."

The B.S. Course—"They toil not neither do they spin, yet verily I say unto you, Waddington in all his glory is not arrayed like one of these."

CLARKE, '13-"Say, Raft, they are synchronizing down in the Senior lab."

RAFTER, '13—"What with, iron or steel?"

CLARKE—"What are you talking about? Don't you know what synchronizing means?"

RAFTER—"Who don't? It's covering the machine with metal."

PORTER, '12 (synchronizing)—"The lamps have gone crazy."

Prof. Seyfert—"Your phase rotation's wrong."

Schultz, '12—"That's it, Horace. I've always told you that your wheels ran backwards."

Nevius, '12 (after four hours of hard work)—"These darned instruments are no good."

Prof. Seyfert—"Look at your connections. Oi! Oi! Oi! Die vatt-

meter and ammeter in parallel. Ugh!"

Characteristics of the Gas Estabrook—"It is colorless and transparent, with a specific gravity of 1.178. When ignited it burns with a blue flame."

Compliments of the Asso. Press—"A wedding breakfast was given at the Wyandotte Hotel, March 16th, at 6.30 a.m., by A. U. Siegel to his bachelor friends. All guests made first hour."

BAILEY, '14 (in college meeting)—"Why, I had to do all my studying at night after working hard all day on the football field; he (his room-mate) used to study all afternoon and night till long after I'd gone to bed. As a result, he flunked out of college, while I'm still here."

New Models of Weston D. C. Instruments to match.

This whole group of instruments embodies the results of several years' exhaustive study and scientific investigation of all the complex electrical and mechanical problems involved in the development of durable, reliable, sensitive and accurate instruments for use on alternating current circuits.

Every detail of each of these instruments have been most carefully studied and worked out so as to be sure that each shall fully meet the most exacting requirements of the service for which it is intended. Neither pains nor expense has been spared in the effort to produce instruments having the longest possible life, the best possible scale characteristics, combined with great accuracy under the most violent load fluctuations and also under the many other trying conditions met with in practical work. Every part of each instrument is made strictly to gauge, and the design and workmanship and finish is of the highest order of excellence.

We invite the most critical examination of every detail of each member of the group. We also solicit the fullest investigation of the many other novel features and very valuable operative characteristics of these we instruments and request a careful compansion in all these respects with any other make of instrument intended for like service. We offer them as a valuable and permanent contribution to the art of electric measurement. Their performance in service will be found to justify the claim that no other makes of instruments approach them in fitness for the service required from A. C. Switchboard indicating instruments.

Full particulars of design, construction, prices, etc., are given in Catalog 16. Write for it.
